

# North Wales Cultural Experience

## INTRODUCTION

The general theme of this holiday is to experience some of the culture of North Wales in addition to enjoying walking amongst the stunning scenery of the Snowdonia National Park. There is generally a rural theme so activities tend to track the seasons. For example, in the autumn we might visit a farm when they are bringing the sheep down from the high mountains in readiness for winter. It is fantastic to go for a walk, watch the mountains slowly empty of sheep and see the skill of the shepherds with their dogs.

## ACCOMMODATION

The Park Hill Guest House is situated in Betws-y-Coed, overlooking the village and with splendid views to the hills and forests. This family run establishment offers modern facilities while maintaining a traditional feel. The Park Hill houses an indoor heated swimming pool (30ft x 12ft x 4ft 6', temperature around 29C/83F) with an incorporated Jacuzzi Type Spa and a Sauna in a pine log cabin, connected to the main building by an indoor corridor.

It is only a short walk into Betws-y-Coed village on a pleasant footpath that avoids the road, passes by a farm and crosses the river on a suspension footbridge. This is an ideal stroll before your evening meal; you can visit the various eating establishment in the village. This holiday can include transfers from Manchester airport and a mini bus can be made available for some sightseeing – car free holiday.

## ECOLOGICAL CONSIDERATIONS

Many of the areas that Celticos visits are highly regarded and often protected for their natural beauty and diversity. As part of supporting responsible tourism we must show equally high regard and respect for the natural environment so that others may enjoy it as much as we do. We can help achieve this by following the countryside code.

HOLIDAYS IN WALES

CELTICOS  
RESPONSIBLE TOURISM

# North Wales Cultural Experience

## CLOTHING AND EQUIPMENT

We recommend you wear comfortable and suitable clothing for the time of year you are attending this trip. At all times of year bring with you waterproof clothing as this activity will still be done if the weather is a little unkind and the weather can be uncertain in the mountains. It is also important to bring sturdy shoes or boots.

## WEATHER

The weather can be expected as the seasons dictate; this activity is done in an area that experiences mild weather however it can be quite changeable. If it happens that the weather is foul alternative activity such as visiting a slate or copper mine could be offered but this is rarely necessary. Every season has something different to offer here.

## TRANSPORT

A minibus will transport you from the hotel and stay with you for the day. This provides somewhere safe and dry to leave your things.

### Included in the Price

- Accommodation
